## Export Table Grapes

### Export Tray

#### Size

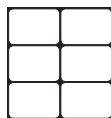

External L 517mm x W 368mm x H 163mm  
Internal L 482mm x W 336mm x H 133mm

#### Material

Food grade expanded polystyrene

#### Pallet Configuration

6 boxes per layer, 14 layers high  
Special export pallet 1100mm x 1034mm

22 pallets (1848 boxes) per 40 foot container

#### Uses

Export table grapes

The Export Tray is specifically designed for palletised container transport where markets require a larger display area and bunch bags. It is the preferred packaging for table grapes into Asian markets.

Pallets should have full height corner angles nailed to the pallet and be securely taped and wrapped with vented film pallet wrap from top to bottom.

It offers good thermal and cushioning qualities which ensure premium outturns.

An Australian owned company manufacturing Expanded Polystyrene (EPS) products in Sunraysia
